

SITUATION IN CUBA FAVORS PATRIOTS

SPANISH HOLD ON THE ISLAND IS FEEBLE.

Gen. Weyler's Administration Has Been an Utter Failure—His Paper Money Not Accepted by the Merchants of the "Gem of the Antilles" At All.

New York, May 11.—A dispatch to the Herald from Havana says: "There is a grim humor in the official announcements as to the state of the insurrection and the outlook which causes a sneer in Havana, where food is scarce and sound money scarcer. As the situation grows worse at every point the palace reports become more rose-colored and more at war with the facts.

"For instance, for a centen, which is worth \$5.30 in Spanish gold, one can get the equivalent to \$11.30 in paper money today in Havana.

"It is significant that the paper money of Spain is at a greater discount at this moment when the reforms are said to be at hand than at any time since the war began. During the 10 years' war a centen was at one time worth \$13 in paper, and no one doubts that the billets will reach or pass that point again. Two months ago a centen was worth \$8.50 in paper, and then there was less talk of pacification and of reforms than now.

"The fact is no one pays any attention to Gen. Weyler's proclamations about the peace he says he has brought about, or to his talk about the golden time that is coming now that the queen regent has been kind enough to sign the reforms.

"These things are mere sound. "But the paper money is a grim fact, and the determination with which all persons refuse to have it thrust upon them at par has forced even Gen. Weyler to recognize that the money question is superior to his decree and to abandon his declared intention of punishing any one who looked twice at these 'shin plasters.'

"The plight of Spain is bad enough without the rioting which would be general if an attempt were made to force this paper down the throats of men already grown sullen because of the disastrous and lagging military policy of Gen. Weyler.

"No one here can see how Spain will be able to carry much longer the financial burden with which she is saddled, and which is increased tremendously every month.

"Still there are official announcements that the military outlook is rosy, despite the fact that engagements are daily reported and wounded soldiers carried into the garrisoned towns prove the activity of rebels in every province.

"Officially there has been no fight of importance in this province of late, but the arrival of these men means that Spanish columns have been ambushed by Gen. Castillo with his usual success. The fight was at Corva.

"Gen. Weyler is in Santa Clara again, and his arrival there does not well accord with the announcement he made so recently that the province was pacified. It may be that he heard the same rumor which reached Havana and which was to the effect that Sagua La Grande was threatened by a concentration of several thousand insurgents in the hills there, and an attack was evidently meditated.

"No one, even at the palace, pretends that Matanzas is pacified, and I know that a messenger is on his way to New York who will tell the junta that the insurgents in Pinar del Rio number nearly 7,000 armed men and that four brigadiers there, who served under Rivera, have acted vigorously and in harmony ever since his capture, obeying Gen. Gomez' orders not to engage the Spanish force until he gave the word that the time had come."

THE BELL COMPANY WINS.

Berliner Patent Sustained by Federal Supreme Court.

Washington, May 11.—The Bell telephone company won the case brought against it by the United States to annul the last Berliner patent. This decision has the effect of continuing the control of the telephone by the Bell company for seventeen years from the date of the last patent which was granted in 1891.

The suit originated in the United States Circuit Court for the district of Massachusetts, where it was decided in favor of the United States. Upon appeal to the Circuit Court of Appeals for the first circuit this decision was reversed and the contentions of the Berliner claimants upheld. From this opinion the United States appealed to the Supreme Court.

MAKE A SHIFT IN GRADES.

No. 2 Spring Wheat Placed in a Lower Class.

Chicago, May 11.—Taking effect Oct. 1, No. 2 spring wheat will not be a standard grade in the Chicago market. Ever since Chicago became a grain market of importance No. 2 spring has been standard. By a vote of 480 against 436 yesterday the members of the Board of Trade decided to relegate No. 2 spring to the lower grades of wheat. The standard grades are to be No. 1 and 2 red winter and No. 1 northern spring wheat.

President Baker is the father of the movement, and claims that it will elevate the Chicago market and put it in line with other points. He has addressed a circular to the trade, setting forth his views.

To Investigate Bribery Charge.
Springfield, Ill., May 11.—The house has ordered an investigation into the Hamilton-Garrard affair. Mr. Bailey wanted to postpone action on the resolution, which had been offered by Mr. Selby of Sangamon, but the house would not listen to the proposition. The anti-Humphrey people wish to probe the matter to the bottom and get all there is in it.

Carlyle, Ill., May 11.—The hearing of B. H. Niehoff on the charge of embezzlement began Monday. TO RECALL TROOPS WITHIN FEW DAYS

GREECE READY TO GIVE UP THE STRUGGLE.

The Powers Are to be Allowed to Arrange a Plan Autonomy For Crete—Stilian Sympathizes With King George—Harsher Terms For Turkey.

Athens, May 11.—It is stated that the government has drafted a note to the powers requesting mediation. The conditions insisted upon by Germany, the chief of which is that Greece shall give her formal consent to the principle of autonomy for Crete, will be accepted by the Greek government.

The note of the powers has not yet been presented, but it has been drawn, and is to the following effect: Upon a formal declaration by Greece that she will recall her troops and agree to such an autonomous regime for Crete as the powers in their wisdom shall deem best, and accept unreservedly the counsels of the powers, they will intervene in the interests of peace.

The note will probably be presented after the German minister has received final instructions. It is understood that Greece in her reply will assent to all of these conditions.

The recall of the forces from Crete has been received with resignation by the public. The Delyannis organs attack the government bitterly for appealing to Europe, but most of the papers accept this as inevitable and violently attack the Ethnikai Hetairia, asking it to render an account of its action.

The Greek army now occupies all of the passes from Lake Xynias, south of Domokos, to Gura on the east, the latter point being occupied by Gen. Smolenski's brigade. Skirmishes have occurred at Plaka.

Greek Fleet Leaves Volo.
Larissa, May 11.—The Greek fleet has left Volo, but the French, Italian and British guardships remain. The town is quiet, and has been occupied by the Turkish troops. A considerable number of the latter have taken up positions on the surrounding heights. The bulk of the Ottoman army, however, has been withdrawn, and is marching in another direction.

The Turkish officers complain of the non-resistance of the Greeks, and declare it is not war, but merely a military promenade.

The opinion is expressed here that the Greeks are avoiding a serious fight in order to spare their troops, who may be needed at Athens in the event of a revolution.

Sorry for King George.
London, May 11.—According to the Exchange telegraph company private advices received in London from Constantinople declare that the sultan has expressed deep sympathy for King George and the Greek government, whose hands, in his opinion, were forced by revolutionary agents at Athens and Alexandria. The sultan, according to those advices, declined to claim a war indemnity, and proposes a Turkish-Greek treaty upon the simultaneous evacuation of Thessaly and Crete. Finally, it is said, the sultan desires to deal direct with Greece, and not through the powers.

A number of lumber camps also are burned. The Indians' sugar camps are burned. A heavy wind is prevailing, and if a rainfall does not come soon the whole country will be on fire.

POUCH STILL FREE AND HUNT GOES ON

He Was in Oshkosh Last Wednesday and Drank Quite Heavily But Exhibited No Bloodthirsty Tendencies—Hot Forest Fires Are Raging in the Woods Near Antigo.

Milwaukee, May 11.—William Pouch, the murderer of the Harris family at Waukesha Friday night, spent Wednesday and Wednesday night in Oshkosh. He was out of money and drinking hard; was forcibly ejected from one saloon for nonpayment, but did not just \$1.200 to the man that captures appear vicious. Pouch is now worth him. Governor Scofield has increased the reward from the state to \$500 and the County of Waukesha did the same. There is a very strong suspicion that the murderer's name is not Pouch, which suspicion is strengthened by the actions of the police. If this surmise proves correct, it is the most important discovery yet made in connection with the case.

The policyholders throughout Indiana, Ohio and Illinois have been asked to meet here the latter part of this week.

POLICE COMMISSIONERS MET LAST NIGHT.

Victor P. Richardson is Made Chairman and T. S. Nolan Secretary—Rules and Regulations Are Adopted But Fire Department Code Will Be Made Out Later On.

Chairman - - - VICTOR P. RICHARDSON.
Secretary - - - THOMAS S. NOLAN.

The first meeting of the new board of fire and police commissioners was held at the office of Sutherland & Nolan last evening, and an organization was perfected. Victor P. Richardson was chosen as chairman, and T. S. Nolan was elected secretary. All the commissioners were present. Rules and regulations were adopted for the police department but the rules for the fire department will be made up later. The code was signed, by all the members of the commission and is as follows:

Police Department Rules.

Rules regulating appointments on the police force of the city of Janesville, adopted by the board of fire and police commissioners, May 10, 1897:
Rule 1. Applications for positions on the police force must be addressed to and filed with the secretary of the board. All applications must be filled out in the handwriting of the applicant, and must be signed and sworn to by him. Every application must state the position sought, the age and place of birth of the applicant, his height, weight and chest measure, his present place of residence, his occupation and his schooling. Applications must also state how long the applicant has resided in the city of Janesville, what trade he has learned, if any, and where and by whom he has been employed in the last three years. Applications will also state what language if any, besides the English, the applicant can speak understandingly. Willful misrepresentation as to any material fact may subject the guilty party to expulsion from the force.

Citizens Must Certify

Rule 2. Every application must be accompanied by the certificates of not less than three reputable citizens of Janesville, freeholders, not holding any city, county or state office, each certifying that he has been personally acquainted with the applicant for at least three years last past, and believes him to be of good moral character, of correct and orderly deportment, of temperate and industrious habits, and in all respects fit for the service he wishes to enter, and that such citizen is willing that his certificate should be made public.

Rule 3. Every applicant must answer such questions and submit to such examination as to physical strength, capacity and activity, and also as to educational qualifications, as the board may deem necessary to ascertain his fitness for the position sought. No applicant will be admitted to an examination who does not appear to be physically sound, of the requisite height and weight, and of good habits and reputable character.

The Educational Test.

Rule 4. Examinations for an educational test of applicants will be confined to the following subjects:

1. Reading from print and manuscript.
2. Handwriting.
3. Writing from memory the substance of matter communicated orally.
4. Arithmetic—addition, subtraction, multiplication and division of whole numbers and of decimals applied to United States money.
5. Applicants for position as patrolmen will be questioned concerning city government, location of streets and public buildings, and concerning such general matters as strangers in the city enquire about.

Each applicant will also submit, at his own expense, to a thorough medical examination by the physician or surgeon designated by the board, who will report the result of his examination to the secretary of the board.

The Age Limits.

Rule 5. No person will be appointed patrolman who is less than twenty-one or more than fifty-five years of age, or who is less than 5 feet 6 inches in height, or under the minimum weight of 155 pounds. No person will be appointed patrolman who is not a citizen of the United States and a legal voter in the city of Janesville; who has not resided in the city of Janesville for at least three years immediately preceding the filing of his application, or who does not speak the English language understandingly. No person will be appointed who has been convicted of a crime.

Rule 6. All appointments of patrolmen will be upon probation. If, during the first two months of actual service, the person appointed proves unfit for the position he will be dropped from the force.

Rule 7. Appointments to positions of higher grade than patrolman may be made made by promotion of persons already in the service, in the discretion of the board.

Dismissals.

Rule 8—Persons dismissed from either the police or fire departments for violation of the rules and regulations thereof shall be permitted to file another application for appointment on either department, provided that such applications may not be made within twelve calendar months of such dismissal. A second dismissal from whatever cause or from either department shall be final.

Rule 9. These rules do not apply to the appointment of special police-

men for a particular emergency for a limited time.

Copies of these rules and blanks for the applications will be furnished by the chief of police.

DID CLEVER POLICE WORK

How Officer Appleby Caught W. C. Roehl at Chicago.

Some very clever work was done in putting W. C. Roehl behind the bars. Roehl is said to be an old time crook, and has been under surveillance by the Chicago police for some little time. He has served two terms in Joliet and was sent up the last time to the house of correction on a six months' sentence for stealing two bicycles. He is a companion of Red Corbett, the notorious Clarence White, and the others of the tough Center avenue gang, two of whom shot the cashier in the department store at the corner of Center avenue and Madison streets, Chicago, last winter, and robbed the money drawer.

Roehl is supposed to have been in Janesville merely keeping out of sight, but it seemed that he could not resist the temptation to "turn a trick." He stopped at the Germania hotel, No. 5 North Academy street, and when he left Leo Koesters missed a box containing \$90 and valuable papers.

Tour of Tough Saloons.

Officer Appleby took the case as soon as the loss was reported, and went to Milwaukee to look up Hendee & Son, a firm to whom Roehl had shipped a box of copper. From Hendee & Son he got letters that Roehl had written from Watertown, Janesville, La Crosse, and Chicago and the Chicago letter gave a clue to some of Roehl's acquaintances. Officer Appleby went to Chicago without loss of time and began the task of shadowing the neighborhood where Roehl was supposed to hang out. The address he got in the letter was 97 Allison avenue. Since that letter was written Allison avenue had been re-numbered Calhoun avenue and had been re-numbered, so that 97 had been changed to 2025. None of the Chicago police at the Central station seemed to know about this and Officer Appleby had to work the case up alone. He made the round of the tough saloons of the Center Avenue district and finally found Red Corbett and three others of his gang "rushing the can" in an alley.

Bartender Was Wise.

A bartender in a saloon near by pointed them out and said that Roehl had been with them not long before. By this time Officer Appleby found where Roehl formerly boarded, with one of the thirty families in a four story tenement house. At that place he used his knowledge of the bicycle turn to insure against Roehl being warned, and was able to get his man in the house Saturday afternoon, just as he was packing up to go to Cincinnati. Roehl refused to surrender himself at first, claiming that he had never been in Wisconsin; but when finding that Officer Appleby held evidences of the theft in his pocket—the letters—he weakened, and said he would come as "twas all off now."

From Janesville, Roehl walked to Fellows station. From there he went across the country to Stoughton. At Stoughton he lay on top of the water tank until night; caught a train to Milwaukee; boarded the steamer after dark, and went to Chicago. Officer Appleby got his picture and Bertillon measurements at the Chicago Bureau of Identification.

Roehl, it is said, is willing to plead guilty and take a one year's sentence. Clarence White, one of his associates, it will be remembered, was tried for the famous "Marshall murder" at Chicago some time ago.

THE OVERFLOW OF LOCAL NEWS.

THE INDIANS' COUNCIL

Verdicts of Supreme and Vital Importance Arrived at in These Famous Gatherings.

Many Lessons Taught to the White Man.

Hon. Louis Nelson, Judge of Probate, Gains Knowledge From the Indian That is Invaluable.

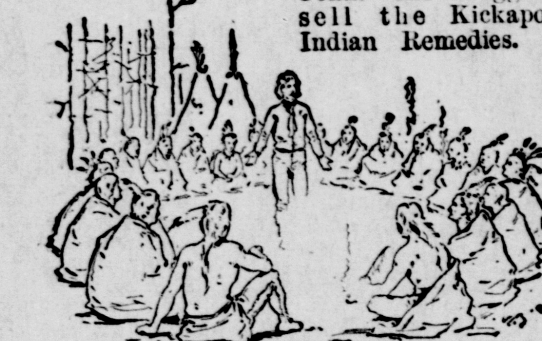

ALL sufferers, no matter the cause of their illness, are the people who appreciate the value of health, and realize that good health is that which money cannot buy. The full value of perfect health is never realized until it has departed. How to regain it and how to keep it is a matter that should be of the greatest moment to every living man and woman. The Indian, before he decided any matter of vital or grave importance called a council and the subject was discussed from all sides. Just so with matters pertaining to their health, the most extreme care was exercised as to their treatment, and the result is seen in the Indian's long life and perfect health. Many of his pale faced brothers have turned to him for his medicines, and have praised the day that they allowed themselves to be advised by the Indian. The Kickapoo Indian Remedies, which are identically the same as they have been for centuries when made by the Indians from roots, barks and herbs, are the most wonderful and efficient remedies now known to the civilized world. We take pleasure in giving to the public a letter from Judge Nelson, who writes us as follows:—

Branswick, Minnesota.

KICKAPOO INDIAN MEDICINE CO.,
New Haven, Conn.
Gentlemen:—For two years I have been a great sufferer from rheumatism, but I took six bottles of Kickapoo Indian Sagwa and it entirely cured me, and I can heartily endorse it to all afflicted with rheumatism. I would also say that I have tried and tested all of the Kickapoo Indian Remedies, and I find them all reliable and shall never be without these medicines as long as I live. Yours truly,
LOUIS NELSON,
Judge of Probate, Kanabec Co.

For all derangements arising from a disordered state of the stomach, liver, kidneys and blood, nothing on earth is half so efficient as Kickapoo Indian Sagwa. Its power of curing is beyond compare. Other Kickapoo Indian Remedies are equally efficient for such as they are intended for. We want sufferers everywhere to give these famous medicines a trial, so be convinced that good health and long life is within the reach of all. Anyone desiring special advice will by writing us be accommodated, as one of our corps of physicians will treat all correspondence in confidence and give such advice as is best for them. Kickapoo Indian Medicine Co., New Haven, Conn. All druggists sell the Kickapoo Indian Remedies.

AN INCIDENT AT THE CITY HOSPITAL.

A Woman's Life Barely Saved by a Critical Operation—Her Health Destroyed.

There was a hurry call for the ambulance of the City Hospital. In the course of an hour a very sick young woman was brought in on a stretcher. She was pale as death and evidently suffering keen agony. There was a hasty examination and a consultation. In less than a quarter of an hour the poor creature was on the operating table to undergo the operation called ovariectomy.

There was no time for the usual preparation. Her left ovary was on the point of bursting; when it was removed, it literally disintegrated. If it had burst before removal, she would have died almost instantly! That young woman had had warnings enough in the terrible pains, the burning sensation, the swelling low down on her left side. No one advised her, so she suffered tortures and nearly lost her life. I wish I had met her months before, so I could have told her of the virtues of Lydia E. Pinkham's Vegetable Compound. As it is now, she is a wreck of a woman.

Oh, my sisters, if you will not tell a doctor your troubles, do tell them to a woman who stands ever ready to relieve you! Write to Mrs. Pinkham at Lynn, Mass., confide freely to her all your troubles, and she will advise you free of charge; and if you have any of the above symptoms take the advice of Miss Agnes Tracy, who speaks from experience and says:

"For three years I had suffered with inflammation of the left ovary, which caused dreadful pains. I was so badly affected that I had to sleep with pillows under my side, and then the pain was so great it was impossible to rest."

"Every month I was in bed for two or three days. I took seven bottles of Lydia E. Pinkham's Vegetable Compound, and am entirely cured. I think there is no medicine to be compared with the Compound for female diseases. Every woman who suffers from any form of female weakness should try it at once." Y. W. C. A. STATE CONVENTION

It May Be Held in This City Next October.

The state convention of the Young Women's Christian Association may be held in this city next fall, probably during the month of October. The fact was settled at the reception given by Mrs. A. P. Lovejoy yesterday afternoon, in honor of Miss Helen Barnes, state secretary. Miss Barnes outlined the objects of the association.

Ten ladies joined the state organization at the conclusion of her remarks and \$20 was pledged to the cause.

Tea and wafers were served during the afternoon, by Mrs. O. H. Brand, Misses Katherine Smith, Helen Pritchard, Louise Crosby and Elizabeth Norcross.

Each year there is held a state convention, and by an informal vote the ladies decided to invite the convention to be held in Jamesville in October, and asked Miss Barnes to convey their wishes to the State Committee whose headquarters are in Milwaukee, and who will decide upon the place of holding the convention at their next monthly meeting.

The young ladies have organized a sub-committee to the date committee, in order to aid in the extension of the association in our cities and colleges. Miss Nettie Harrington is president, and Miss May Cunningham is secretary and treasurer. This committee will hold regular meetings, and endeavor to assist the state committee in its responsibility work.

THE VALLEY OF THE SHADOW.

Martha Spaulding Dow.

Brief mention has already been made in The Gazette, of the death of Mrs. Martha S. Dow on Sunday morning last. The intelligence came very unexpectedly to a wide circle of friends, as she had been in her usual health until within a few days of the sad event. Mrs. Dow was the eldest daughter of the late Hon. Joseph Spaulding and wife, and was born at their home three miles north of the city, February 5, 1840. There life passed happily for her for twenty-three years, when she became the wife of Newton C. Dow, of this city. At first they lived at Jamesville, but about 1866 made their home in Creco, Iowa. Four children were born to them, all of whom died in infancy; and the shadow which thus fell so darkly across their pathway, was soon after deepened by the failing health of the husband, who, in days of sunshine and gloom, had ever been a true and loving companion. In 1873 they removed to Denver, but the hope of benefit from the change of climate was unavailing and in August 1875 her husband was taken from her by death. Had the sorrows which befall her in such cruel and rapid succession left her hardened and embittered in spirit, it would not have seemed strange but the truth was far otherwise. Without repining or complaint she accepted her lot and cheerfully took up the burden of life, performing its duties faithfully and well. The matters which interested relatives, friends, the community generally, and especially the church where she was baptized and of which she had been a member since childhood, were of deep interest to her. In brief, it may be said in words of trust praise that she illustrated in life and spirit a genuine Christian womanhood.

About ten days since, she suffered an attack of neuralgia of the heart. Its serious character was not realized at first, but in spite of the best care and treatment it steadily progressed until it terminated her life. She would gladly have lived longer, but with perfect composure died without fear. She turned her face toward the welcoming future and entered into its blessed rest.

The funeral was held this afternoon from the Congregational church at 2 o'clock, Rev. Robert C. Denison officiating. The interment was in Oak Hill cemetery, the pall bearers being E. J. Cassoday, Chicago; Dwight Coe, Frank Goodhue and Joseph Coe, of Whitewater; C. O. Johnson, of Madison; and F. H. Jackman, of this city.

Chauncey Stevens.

Chauncey Stevens, one of the pioneer residents of the city, died at his home at the Franklin Hotel, at the corner of Franklin and Dodge streets, at 6:20 last evening, after a long and painful illness of cancer of the stomach.

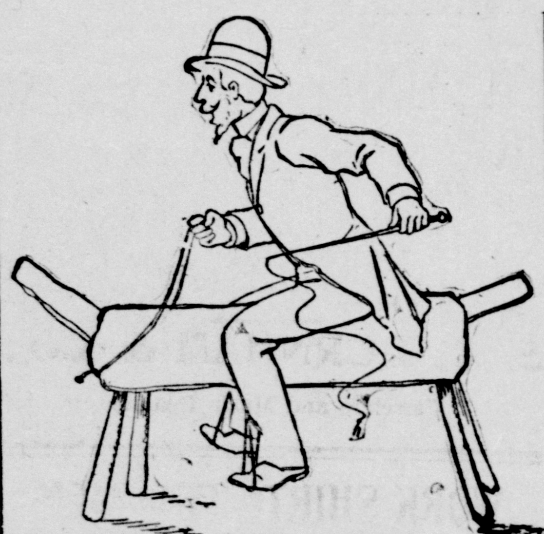

Mr. Stevens was born in Freetown, Courtland Co. New York, Aug. 9, 1820. He was a saddler by trade, which he learned at Homer, his native county, and established himself in business at Hamilton New York, in 1842, where he was in business for ten years. In 1854 he built a flouring mill at Spring Valley, Walworth county, where he resided eight years. In 1862 he came to Jamesville and engaged in hotel keeping as proprietor of the American House, continuing in that house for one year, when he bought the New England House, which he named the Stevens House and which is the present Franklin Hotel. He conducted this house until the spring of 1880, when having lost his wife, he retired from business.

Mr. Stevens was twice married, both of his wives having preceded him to the other shore. He leaves three children, Mrs. Kate Shank, of this city; Mrs. C. M. Seebro of Chicago and George J. Stevens of Baltimore, Md. Mr. Stevens died just a year after his son, Chester, whose death occurred in California on May 11 last. Mr. Stevens was a member of Jamesville Chapter No. 55 A. F. and A. M. and the masons will have charge of the funeral. In political sentiment he was a republican and he was a member of All Souls church.

The funeral will be held from All Souls church Wednesday afternoon at 3 o'clock. Rev. Victor E. Southworth will officiate and the interment will be in Oak Hill cemetery.

Andrew Gilligan.

Andrew Gilligan, formerly a well known resident of this city, died last evening, the cause of his death being a complication of diseases. He leaves one daughter, Mrs. Malone of Racine. The remains will be taken from Ryan's undertaking rooms tomorrow morning to St. Mary's church where services will be held. The interment will be in Mount Olivet cemetery.

FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Cure.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind. Gentlemen:—While suffering intensely from piles, I became interested in your advertisement of your Pyramid Pile Cure from our druggist. Contrary to any expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without griping and restoring natural action to the bowels. The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

GRAND LODGE CLASS WAS A LARGE ONE

SIXTY-SIX TOOK DEGREES THIS MORNING.

Reception Given at Concordia Hall and the Freedom of the City Extended To the Visitors—Rathbone Sisters Grand Temple Meets—Excursion and Picnic Tomorrow Afternoon.

The biggest grand lodge class that Wisconsin pythians have seen for a good many years, lined up this forenoon to receive their degree. There were sixty-six of them and they filled the anteroom of Concordia hall so that the grand outer guard had to stand in the cloak room.

All this was after the reception, which began at ten o'clock. As soon as the delegates had gathered in the hall, which was really nearer 10:30 than 10, Chancellor Commander F. L. Clemons introduced Mayor Thoroughgood. Mayor Thoroughgood welcomed the Sir Knights to Janesville, but said he was not able to put into words more than half of the gratification that he felt. He wound up by a whimsical recital of some of his experiences while riding the Pythian goat.

W. G. Wheeler welcomed the Pythians in behalf of the Business Men's association, and Grand Chancellor George Bailey of Milwaukee called for responses from the visitors.

The Responses.

He introduced Judge O'Neil of Neillsville; Past Grand Chancellor Joseph Schroeder of Racine and Grand Vice Chancellor Frank Dunbar of Marinette. All three made graceful acknowledgements of Janesville's hospitable offers and expressed their complete faith in fulfillment of these promises.

At the close of the speeches the grand lodge was called to order and the committee on credentials was set to work. Then followed a rest while the grand lodge class was prepared. The degree was conferred upon sixty-six candidates just before noon, their being two Janesville men in the ranks.

Tomorrow afternoon the members of the Grand Lodge and the local Knights will enjoy a picnic at Crystal Springs. The Columbia will leave at 1:30, and Smith's orchestra will play.

Grand Chancellor's Report.

Grand Chancellor George B. Bailey of Milwaukee, in his report to the officers and members of the Grand Lodge, says:

"Having had charge of this domain for the year that marks the first milestone on its way to a golden anniversary, after celebrating a year ago in such a true Pythian manner the silver anniversary of our noble order, it is with pleasure that I am able to report that our domain starts in on its golden journey with as clear a field, as substantial a treasury and as bright prospects as we could possibly wish for. We have no dead timber to start with, as the pruning knife has been used and the dead limbs all removed. It was the sentiment of all the members of this grand lodge a year ago that we look to the future for quality, not quantity, and the building up and strengthening of what we have already attained.

"To this end, with the aid of the grand lodge officers and members, I am pleased to report that we made a good start, as my report will prove."

Mr. Barry's Report.

Grand Keeper of Records and Seals Frank Barry, in his report shows that on December 31, 1896, the grand lodge had 120 active subordinate lodges with an aggregate membership of 8,348. A gain was therefore made during 1896 of seven lodges and 430 members, averaging six per cent.

Since January 1 two lodges have surrendered their charter and with a gain of one the present number of lodges is 119. The membership in the state is now about 8,575.

The reports of subordinate lodges exhibit total cash balances on Dec. 31, 1896, of \$14,022.56 and assets \$116,757.26. The net gain for the year the latter being \$6,571.72. The subordinate lodges of the state are with one exception, in a flourishing condition and are hopeful of a prosperous year in 1897.

Since the last convention of the grand lodge warrants for the following new subordinate lodges have been issued: New Lisbon Lodge, No. 137, New Lisbon; Waukesha Lodge, No. 138; Waukesha; Achilles Lodge No. 140, Linden.

RATHBONE SISTERS IN SESSION.

Grand Temple Meets at Castle Hall—Last Night's Work.

The Rathbone sisters were at work all forenoon hearing the reports. There was a speech by Mrs. Campbell, grand chief of the sisterhood. Steps were taken to institute new temples in a number of Wisconsin cities. The hope was expressed that Janesville should be one of the earliest.

The officers and degree staff of Crescent Temple No. 3, of Milwaukee, exemplified the work at Concordia hall last night and all K. P.s were invited to be present. All of the grand officers of the K. P.s took the obligations. Speeches were made by M. G. Jeffris; Grand Chancellor George B. Bailey; Grand Keeper of Records and Seals Frank Barry; P. H. Crahan, Beloit; Knights Cole and Gardner. Mrs. M. D. Wood of Kansas City, Supreme Mistress of Records and Correspondence is in attendance at the meeting, which will continue two days.

TEST PAVING SUIT TO BE TRIED HERE

BELOIT WOMAN REFUSES TO SETTLE ASSESSMENT.

Says the City Should Pay For the New Brick Roadways and Seeks an Injunction From the Court—Jury to Try Terrill Not Yet Secured—Special Verdict Issued.

A suit that promises to be of much interest is to be heard at this term of the circuit court, it being the case of Ella J. Adams vs. the city of Beloit. BREAD WAR IS ON AND PRICE DROPS

ONE CENT A LOAF IS NOW THE RATE.

Master Bakers Association Has Gone To Pieces and Dealers and Manufacturers Are By the Ears—Five Thousand Loaves Are Now in a Local Oven.

Fifteen hundred loaves of bread were sold at retail in this city today at one cent a loaf.

This means that the Master Bakers' association which was formed in this city on April 21 is now a thing of the past.

Many people could be seen carrying bread to their homes as the result of the cut. In one respect they resembled one another, as each carried two loaves—for the reason that purchases by one person were limited to that amount.

This "bread war" is being jointly waged by certain local bakers and grocers, who are "after" certain wholesalers and retailers who refused to live up to the rules as provided by the Master Bakers' Association.

Association Went To Pieces.

On April 21 the Master Bakers' Association was formed, the purpose being to raise the price of bread to five cents, and providing that each loaf should weigh sixteen ounces. While the agreement was in force, the local bakers claimed that they were making a fair living and allowing the retailer a small margin. All seemed to run smooth until last week when one of the local bakers, it is said, broke the agreement by supplying a local grocer with bread that he could retail at two loaves for five cents.

The other bakers were angry and this morning they declared hostilities. The war promises to be a merry one, and it is said that it will be kept up, even if bread is given away.

As the matter now stands several firms are retelling at one cent a loaf and for Saturday's trade a local baker is preparing a baking of 5,000 loaves.

FASHIONABLE MATERIALS.

Foulards of Large Pattern — Taffetas, Wash Silks, Brocades and Damasks.

The shop windows display a bewildering assortment of pretty things for spring and summer wear. It seems, indeed, as if every successive season outdoes the previous one in variety and beauty of color, material and style. It is difficult to choose a summer wardrobe when so many equally attractive fabrics are to be had. One cannot buy them all, yet it is hard to decide which is preferable. In silks, foulards of large and striking patterns in white on a dark ground, blue, red, green, brown or black, or in one of these colors on a white ground, are the newest thing shown, but there are plain, changeable, printed, checked, striped and broche taffetas in all tints, wash silks, brocades and damasks. A great deal of silk grenadine is also seen in more or less elaborate openwork and embroidered designs, black being in the lead. In woollens the new canvases are very effective. They are of the thickness and texture of common burlaps, and are dyed in the latest colors, bidding fair to achieve great favor for serviceable and

SUMMER COSTUME.

fashionable summer costumes. Sun umbrellas are made to match all the fashionable colors in dress goods, and are also to be had in various stripes and plaids. As for the cotton and linen fabrics, there is practically no limit to them. Among the prettiest are the satin striped lawns covered with a printed design of flowers, but the piques, nainsooks and galatea cloths are also exceedingly attractive. Ecru grasscloths have a new lease of life, and are decorated out of all resemblance to their original simplicity, being embroidered and openworked most elaborately.

The illustration shows a costume having an accordion plaited skirt of pinkish violet mousseline de soie over silk of the same tint, a chenille network forming a sort of yoke to the skirt. The full bodice of mousseline de soie has bretelles, embroidered with chenille and outlined by ruffles of mousseline de soie. The shirred sleeves of mousseline have a ruffle running down the outside. The cravat and sleeve frills are of white gauze. The hat, of rice straw, is trimmed with mauve roses and foliage.

ONE DISEASE AND ONE REMEDY

"The art of painting," said Millais, "consists in selecting the right colors and putting them in the right place."—"The way to win a battle," said Napoleon, "is to mass your troops at the critical moment against the weakest spot in the enemy's line."—"The way to cure many ailments," said the great Dr. Aberrcrombie, "is to purify the poisoned spring in which they arise, generally the torpid and inflamed digestive system."

Thus wisdom and experience simplify and condense. Thus the Shakers of Mount Lebanon reasoned when they sought, and finally found, a remedy for indigestion and dyspepsia. Where one person has something else, they argued, a thousand have this. To cure this alone will almost rid the world of sickness. Why should we vex ourselves with confusing definitions? A good digestion is life and health; a bad one disease and death. Hence, from the healing and stimulating mountain herbs, they extracted the principles which make the Shaker Digestive Cordial the rarest and most effective of medicines for one disease, and one only—indigestion and dyspepsia.

Do you suffer from any of these miserable feelings?—depression of spirits, heaviness and pain in the stomach after meals, bad taste in the mouth, wind in the bowels, irritable disposition, nervous weakness and alarm, worry and weariness, costiveness or irregularity of the bowels, nausea, palpitation, sick headache, heartburn, loss of appetite and sleep, dry skin, etc.—? Don't indulge in futile fancies. You have indigestion and dyspepsia and nothing else. Set the disordered stomach right with the one medicine which will surely do it, Shaker Digestive Cordial, and these symptoms will vanish with their cause. A good effect will follow the first doses. Even chronic cases soon yield.

Test the cordial, at practically no cost, by taking a ten cent trial bottle. For sale by nearly all druggists.

WOMEN IN SLAVERY

FREEDOM FROM ILLS PECULIAR TO THEIR SEX WOULD BE PRICELESS.

Dodd's Kidney Pills at Half Dollar a Box Are Infalible Cure For Female Weakness and Kidney Trouble.

Few women are free from weaknesses peculiar to their sex. Female weakness is both the cause and the effect of kidney trouble, for the kidneys and womb are closely allied and very sympathetic. Women are often careless of their own health, and trifling colds are likely to affect their delicate organs more seriously than the bodies of men.

Women who stoop much, who strain themselves by lifting and carrying children, who sit in cramped positions, and who have menstrual difficulties, almost inevitably become victims of kidney ailments in conjunction with female weakness.

Dodd's Kidney Pills act as remedial on the sexual organs as they do upon the kidneys and tone up the system so that all its discharges are regular in periods and neither too profuse nor too scanty. Pain vanishes, and backache and that "dragging-down sensation" are unknown in the happy household whose medicine closet holds a box of Dodd's Kidney Pills.

Here is a letter written by a St. Paul lady:

DODD'S MEDICINE CO., Buffalo—

Gentlemen: I have been troubled for six months with female weakness and paralysis. I have used other remedies but could get no relief. My urine was very dark and slimy. I have used one box of Dodd's Kidney Pills and I am completely cured. You may publish this statement if you think it will help others. I believe Dodd's Kidney's Pills are worth their weight in gold.

MRS. FLORENCE BEVENUE.

No need of being examined by a doctor and running up big doctor bills. Dodd's Kidney Pills are for sale by all druggists, and will be mailed prepaid by the Dodd's Medicine Co., Buffalo, N. Y., on receipt of price. Fifty cents a box.

FASHION'S FANCIES.

Renaissance and Chinese Embroideries on Bodices and Skirts.

It is never possible to say that one particular color is the mode, that such a shape is the one employed for wraps, such another for bodices and that skirts are made strictly thus and so. If it were, matters of the wardrobe would be much simplified. As a matter of fact, however, one new style gives birth to a dozen more, of the same general character, but varying infinitely in details and effects, and to simply announce that jackets, for example, are in fashion is to give very little idea of what is really worn.

A great deal of embroidery and lace are employed. Renaissance embroideries are particularly liked and ornament the front of bodices, the sides of skirts and compose belts and corselets. Everything in the shape of embroidery is used, however, even small fragments being utilized in many ways. Chinese and Japanese embroideries on crape are applied to silk and also to wool, black and dark blue lending themselves admirably to these adapta-

tions. Openwork embroideries are always placed over silk, and belts, corselets and entire boleros are made of them.

The fluffy and bouffant corset has never been more worn than it is at present, although there have been many and persistent attempts to discredit it. These bodices assume various different forms. They are round, square, pointed, bordered with ruffles and plaitings, cut into prints and tabs. The sleeves are of full length or extend only to the elbow and are puffed, ruffled and elaborated in all sorts of ways. Very narrow velvet in black or colors is a favorite trimming, and lace is, of course, used in profusion.

The illustration shows a blouse bodice of white, mauve and green checked silk. It forms two flat box plaits at the back and is full in front, having revers edged with narrow plaitings of the same silk. The plastron is of mauve and white striped silk and the sleeves of white satin, slightly puffed at the top. There are sleeve caps of the checked silk edged with plaitings and cuffs to match. The collar and belt are of white satin. JUDIC CHOLLET.
